Cohen's Lottery and Exchange-Office.**Hoc signo Fortuna.**

BALTIMORE—THURSDAY, NOVEMBER 10, 1825.

New and Magnificent Scheme.

We this day have the pleasure to present, the handsomest and comparatively most brilliant scheme ever offered to the public—we solicit the attention of our friends and adventurers—it will be found on our fourth page—price of tickets only *Ten Dollars*, and the capital prize of the immense magnitude of **ONE HUNDRED THOUSAND**. In this City, the scheme has been published only a few days, and the demand is unprecedented—the price will soon be advanced to **Twelve Dollars**.

It will be noticed that the scheme is not arranged on the Odd and Even system, and which we in some measure regret, considering the very great and increasing popularity of that mode of drawing—the cause of the change is in consequence of the wishes of numerous of our correspondents and customers in various parts of the Union, to have a prize of **ONE HUNDRED THOUSAND DOLLARS**, but which we could not have made on the Odd and Even plan, owing to our being limited in the amount of capital, as the sum of 300,000 dollars, which composes the scheme, is the whole extent of the privilege remaining for the present year; it is evident therefore, that we could not offer a capital prize of the magnitude of *One Hundred Thousand Dollars*, unless we had reduced the small prizes too much, and which, if we had done so, would have increased the risk to adventurers too high. We therefore, with this explanation, present the very splendid scheme on our 4th page.—For the next ensuing Lottery, however, it is intended to continue the Odd and Even system in a scheme of superior brilliancy.

Agreeably to the promptness which (we may be permitted to say) has always characterised our Office, the CASH for the whole of the prizes, can be had **THE MOMENT THEY ARE DRAWN**.

ORDERS from any part of the United States or Territories, enclosing the cash or prize tickets in any of the Lotteries, will meet immediate attention as heretofore, addressed to

J. I. COHEN, JR. & BROTHERS.

The Drawing of Yesterday.

STATE LOTTERY.—Agreeably to announcement, the drawing took place yesterday at Concert Hall, under the superintendence of the Commissioners appointed by the Governor and Council.—The official list will be found on the opposite page.—We shall in our next give as particular a detail of where the capitals fell, as we may be permitted by that time to do—in the mean time, we briefly state that all the Capitals are owned by **DISTANT ADVENTURERS**, and that as usual, the CASH is ready at **COHEN'S OFFICE**, whenever it may suit their convenience to call in person, or send.—Adventurers holding small prizes, and wishing to renew them in the next Grand Scheme, should send them on without delay.

Cohen's Office—Charleston, S.C.

For the convenience of our friends in the States of South Carolina, Georgia, Alabama and other parts adjacent, we have established an office in the City of Charleston at No. 16 Broad Street, directly opposite the Bank of the State, where all business connected with Lotteries and Exchange, will meet our accustomed prompt attention and despatch.—Letters to that office, the same as to all of our offices, should be directed to

J. I. COHEN, JR. & BROTHERS.

NOTICE.—The Lottery and Ex-

change business heretofore conducted in Baltimore under the firm of *J. I. Cohen, Jr.*—in Richmond and Norfolk under the firm of *P. I. & M. I. Cohen*—and in Philadelphia by *J. I. Cohen, Jr. & Brothers*; will for the future be conducted in each place and also at our new Establishment in Charleston, S. C. under the firm of

J. I. COHEN, JR. & BROTHERS.

LAFAYETTE—Captain Funk, of the ship *Edward Bonaffe*, at New York, passed Sept. 21, lat. 49, lon. 14, U. S. frigate *Brandywine*, captain Morris, from Hampton Roads for Havre, within 3 or 4 days sail of her port, and apparently all well—blowing fresh, did not speak her.

The following interesting letter from Paris, under date of 7th September, appears in the London Times.

“Our Ministers are under a good deal of embarrassment in regard to the manner of receiving Lafayette, who, according to the accounts brought by the *Edward Bonaffe*, must soon arrive. The moment our Ministers heard that the General was coming in the frigate *Brandywine*, they despatched orders to the authorities in Havre to prevent any kind of meeting and every mark of honour which might be attempted to be bestowed on him. On the other hand, the most respectable of the merchants and other inhabitants, have resolved to express their esteem for his character by every means in their power. The military commandant is a violent royalist, but the Mayor is a good natured moderate man, who wishes to avoid every sort of tyrannical measures. The American frigate is another subject of embarrassment. It is usual when a frigate enters the port for her to salute the batteries with fifteen guns, but this salute must be returned by an equal number. Now our government are afraid that if they reply to the American salute, the people will think they are expending powder in honour of Lafayette, but if they do not agree to return, they will be obliged to let the frigate enter without saluting, for it is well known that the American Captain will not burn a match without an assurance of reciprocity”

FORTUNE'S LAST FROLIC—The New York Commercial Advertiser of the 4th inst. gives an account of a very singular frolic of *Dame Fortune*. It appears that a person was persecuted for debt who had nothing to pay the bill with but three tickets in the last Literature Lottery. These he tendered to the constable, but not being lawful tender he refused them. The tickets, however, were finally taken, and delivered over to the creditor.—The creditor to reward the vigilance of the bailiff for his success, offered him one of the tickets. But Mr. Nabem, not liking the ticket offered him wished to have one of the others, which the creditor allowed him. When the lottery drew it turned out that the ticket offered the bailiff drew *twenty-five thousand dollars*, the highest prize, while the one he chose drew a *blank*. Thus the 25,000 which rightly belonged to the poor debtor was pocketed by his niggardly and rich creditor, and he left destitute. We must quote the rest of the tale. The Com. Adv. says, “But the best of the tale is yet untold, and will probably be so for a few days to come. But we confidently anticipate the pleasure of announcing, within a day or two, the agreeable fact, that the holder of the prize ticket, (we have his name,) has generously sent the poor man whose fortune was thus wrung from him by the iron hand of the law, a check for one half the amount of the prize. The act will not make him ‘poor’ but it will make a poor family rich indeed.”

From the New York Evening Post.

GREAT MATCH RACE—On Monday the great match race was run at the Union course (1. l.) between General Wynne's mare *Flirtilla*, from Virginia, by Sir Archey, 5 years old, and Mr. Lynch's grey colt *Ariel*, by Eclipse, 3 years old, 3 mile heats, \$20,000 aside. Great confidence was manifested in both horses, and the friends of each were never more positive. Many believing in the fleetness of *Ariel*, offered freely on her side the first heat, and the result shewed they were not mistaken in their calculations. She won the first heat, but lost the race.

At starting she took the lead and was followed by *Flirtilla* in a handsome gentle gallop all the first mile round, to the judges' box, when she made a dash, passed her antagonist, and the remaining two miles were run with great spirit and in as short a time, with the exception of the race between Eclipse and Henry, as was ever performed on this or any other course in the United States. *Ariel* won the heat by about half her length. Time of running the first mile in this heat, 2m. 12s.—the other two miles were performed in 3m. 47s. which is an average of 1m. 53½s. to each of the last two miles of this heat; which is unprecedented, with the exception above stated. Although they were 5m. 59s. in running the whole heat, it is believed if both horses had been put any where near the top of their speed from the start, it would have been done in shorter time than we have on record.

The second heat *Flirtilla* pursued a different policy, and went to her work in good earnest from the score. She took the lead and was suffered to run on a great way ahead by the rider of *Ariel*, so that when he made his effort to close up the gap, it proved to be a little, and but a very little too late. The last quarter of a mile she gained upon her antagonist every jump, and lost the heat by only a head. So close was it, and with such astonishing rapidity did she pass *Flirtilla* just upon the line of the coming in point, that strong doubts existed until it was proclaimed from the Judges in their box, which had gained the heat. Time of running this heat 5m. 54½s.

Confidence now began to be impaired in *Ariel*'s ability to win the race, and two to one were offered and taken on *Flirtilla* for the third heat, and she did not disappoint her backers. In this heat, as indeed in the other two, she shewed great bottom, strength and speed. She went off in full blast, relying upon her bottom, and left *Ariel* far behind, and won the heat by about half a distance, or 82 yards. Time of running this heat 5m. 57s. Each horse carried weight according to age—*Flirtilla* 113 lbs. and *Ariel* 187 lb.

From the Commercial Advertiser.

THE RACE—Yesterday the race took place between the southern mare *Flirtilla*, and the northern mare *Ariel*. The result was as follows:—The first heat was won by *Ariel*, beating half a length—the second by *Flirtilla*, by a half a neck—the third by the same, by 60 or 70 yards. Time—1st heat, 5 minutes 58 seconds—2d, 5 minutes 54 seconds; 3d. 5 minutes 58 seconds. The result shows that the northern mare, although her bottom be good, yet she has not enough of it to contend with *Flirtilla*, and our northerners must console themselves with the reflection, that in this respect she has much time for improvement. We do not hear there was any unfair play—every thing was above board, and we are certain that our losing sportsmen will yield their stakes with a becoming nonchalance. We have not been informed of the amount of the main bet staked—but it was great, and with the side bets, could not fall far short of 120,000 dollars.
